BVCA

central vacuum cleaner

BVC BASIC 4 KW

The Basic machine is a 4kW machine in a simple and user friendly package. The machine has remote start, large 3m³ polyester filter, manual filter cleaning and small outer dimensions to fit most areas.

This machine is a perfect solution on small systems with 1-2 simultaneous users in industry, car reconditioning companies, paint shops, elderly homes, small hotels and more.

Technical Data

size (LxWxH)	50 x 40 x 160 cm
weight (ca.)	76 kg
voltage	230 V oder 400 V
max. current strength	16 A or 10 A
engine power	4.000 Watt
max. air volume	ca. 420 m ³ /hour
max. vacuum	ca. 280 mbar
filterarea	up to 1.000 qm
filtration	large 3m ³ polyester filter
number of users	1-2 users
colour	silver
noise level (without muffler)	69 db
item #	20952

BVC Industry 4000 Watt

The Industry 4000 Watt is a compact machine in a userfriendly housing. It is equipped with Vacon 100Flow frequency inverter for valuable speed control. Moreover it has an automatic filter cleaning and two pipe cleaning valves as standard.

This machine is a perfect solution on bigger systems with 1-3 simultaneous users in industry, car reconditioning companies, paint shops, retirement homes, hotels and more.

Technical Data

size (LxWxH)	78x55x160 cm
weight (ca.)	75 kg
voltage	400 V
max. current strength	9 A
engine power	4.000 Watt
max. air volume	ca. 550 m ³ /hour
max. vacuum	ca. 280 mbar
filterarea	8,4 m ²
filtration	98,89 %DOP
dust bag volume	35 liter
number of users	1-3 users
colour	silver
noise level (without muffler)	78 db
item #	20954

BVC Industry 5.500 Watt

The Industry 5.500 Watt is a compact machine in a userfriendly housing. It is equipped with Vacon 100Flow frequency inverter for valuable speed control. Moreover it has an automatic filter cleaning and two pipe cleaning valves as standard.

This machine is a perfect solution on big systems with 1-4 simultaneous users in industry, hotels and more.

Technical Data

size (LxWxH)	78x55x160 cm
weight (ca.)	95 kg
voltage	400 V
max. current strength	13,3 A
engine power	5.500 Watt
max. air volume	ca. 700 m ³ /Std
max. vacuum	ca. 280 mbar
filterarea	8,4 m ²
filtration	98,89 %DOP
dust bag volume	35 liter
number of users	1-4 users
colour	silver
noise level (without muffler)	78 db
item #	20956
